## **Section 1      ADDENDA**

**[Insert Addenda Here If Applicable]**

## **Section 2      NOTICE TO BIDDERS**

**[Insert Notice to Bidders Here]**

## Section 3 INSTRUCTIONS TO BIDDERS

### 3.1 PROPOSAL FORM

The **CITY** will furnish bidders with proposal forms which state the general location and description of the contemplated Work, an approximate estimate of the materials to be furnished and/or Work to be done and upon which bid prices are asked, and the time in which the Work is to be completed. The **Proposal** form will provide a space for entering the amount of proposal guaranty.

### 3.2 EXAMINATION OF PLANS, SPECIFICATIONS AND SITE OF THE WORK

Bidders are advised that the plans, specifications, and other documents on file with the **CITY** will constitute all the information furnished by the **CITY**. Bidders are required, prior to submitting any bid package, to read the specifications, **Proposal**, contract and bond forms carefully, to visit the site of the Work, to examine carefully local conditions, to inform themselves by their independent research, tests, and investigations of the difficulties to be encountered and assess for themselves the accessibility of the Work and all attending circumstances affecting the cost of doing the Work and time required for its completion, and obtain all information required to make an intelligent bid. No information given by the **CITY** or any officials thereof, other than that shown on plans and contained in the specifications, **Proposal** and other documents, will be binding upon the **CITY**. Bidders must rely exclusively upon their own estimates, investigations, tests, and other data which are necessary for full and complete information upon which the bid may be based. It is mutually agreed that submission of a bid package is evidence that the bidder has made the examinations, investigations, and tests required herein. Should a bidder find discrepancies in, or omissions from the plans, specifications or other documents, or be in doubt as to their meaning, the bidder should notify the **CITY** immediately and obtain a clarification prior to submitting any bid package. Claims for additional compensation due to variations between conditions actually encountered in construction and as indicated by the plans will not be allowed.

### 3.3 PRE-BID CONFERENCE

If a Pre-Bid Conference is scheduled, it will be set a minimum of four (4) working days prior to the bid opening time. If attendance at the Pre-Bid Conference is mandatory due to the size or nature of the project, bidders must attend to ensure their understanding of the project scope as well as the **CITY'S** bidding and contracting requirements; a bidder's absence from a mandatory Pre-Bid Conference shall result in disqualified from bidding.

### 3.4 ADDENDA

Should a bidder find discrepancies in, or omissions from the plans or specifications or other contract documents, or should he be in doubt as to their meaning, he should at once notify the Project Designer in order that a written addendum may be sent to all bidders. Bidders desiring further information or interpretations must make request for such information to the Project Designer prior to four (4) working days before the time of the bid opening. The person submitting the request will be responsible for its prompt delivery. Appropriate clarification and addenda will be issued at least forty-eight (48) hours prior to the time of the bid opening. Answers to all such requests will be given in writing to all bidders, in addendum form, and all addenda will be bound with and made a part of the contract documents. No other explanation or interpretation will be considered official or binding. Any addenda issued will be mailed, faxed or delivered to each person to whom a set of such documents has been furnished and receipt of same must be

acknowledged by noting the addendum number and date of receipt of said addenda in the space provided on the **Proposal** form. The proposal, as submitted by the **CONTRACTOR**, will be so constructed as to include any addenda if such are issued by the Project Designer (prior to forty-eight (48) hours of the bid opening).

### 3.5 QUANTITIES IN PROPOSAL FORM

The quantities of the Work and materials set forth in the **Proposal** form or on the plans approximately represent the Work to be performed and materials to be furnished, and are for the purpose of comparing the bids on a uniform basis. Payment will be made by the **CITY** to the **CONTRACTOR** only for the actual quantities of Work performed or materials furnished in accordance with the plans and specifications, and it is understood that the quantities may be increased or decreased as provided for in Section 16.13.2 "Estimated Quantities", without in any way invalidating the bid prices.

### 3.6 UNIT PRICES

Unit prices written in words will be the basis for the award of the proposal. Unit prices are used by the **CITY** in scheduling interim payments to the **CONTRACTOR**. The unit price written in words, multiplied by the estimated bid quantity, will be used to determine the item extension and the actual total bid price. All mathematical errors found when the bids are tabulated will be corrected by the **CITY**, and the bids will be revised to reflect the correct item extension and/or total bid price. The corrected total bid amount will then become the official proposal for that **CONTRACTOR**. All bidders will be notified of any errors in their bid, and will be notified and given the opportunity to review the official bid tabulation prior to award recommendation.

The unit prices shown in the proposals must be balanced to reflect actual cost of the item, including a fair and reasonable cost for overhead and profit. If the unit price is considered to be unbalanced, the **CITY** reserves the right to reject the entire proposal. If required by the **CITY**, the **CONTRACTOR** must provide documentation to substantiate that the unit prices reflect fair and reasonable material costs, labor costs, overhead and profit, as determined by industry standards.

### 3.7 PROJECT COMPLETION TIME

Project completion time will be established according to the requirements of the **Proposal**. The amount bid for the contract will adequately represent the effort required to complete the project within the specified time on the **Proposal**.

### 3.8 ASSIGNMENT AND SUBCONTRACTING

The **CONTRACTOR** will retain full control and will give personal attention to the fulfillment of this contract and will not assign by Power of Attorney or otherwise without the written consent of the **CITY**.

The **CONTRACTOR** may utilize the services of specialty subcontractors on those parts of the Work which, under normal contracting practices, are performed by specialty subcontractors. However, the **CONTRACTOR** shall not employ any subcontractor against whom the **CITY** may have a reasonable objection.

The **CONTRACTOR** must perform, with the **CONTRACTOR'S** own forces, at least thirty percent (30%) of the total contract, based on unit bid prices, unless this requirement is waived by the **CITY**.

Subcontracting any portion or feature of the Work, or materials required in the performance of this contract, shall not relieve the **CONTRACTOR** from his full obligations to the **CITY**, as provided by this AGREEMENT. The **CONTRACTOR** will be fully responsible to the **CITY** for the acts and omissions of subcontractors, and of persons either directly or indirectly employed by them, as the **CONTRACTOR** is for the acts and omissions of persons directly employed by the **CONTRACTOR**.

The **CONTRACTOR** must cause appropriate provisions to be inserted in all subcontracts relative to the Work, to bind subcontractors to the **CONTRACTOR** by the terms of the contract documents, insofar as applicable to the Work of the subcontractors, and to give the **CONTRACTOR** the same power as regards to terminating any subcontract that the **CITY** may exercise over the **CONTRACTOR** under any provision of the contract documents.

In the event that a portion of the Work is subcontracted, the **CITY** will not recognize such subcontractors in supervision of the construction or in making monthly payments for Work accomplished. The **CONTRACTOR** shall be primarily responsible for all Work, and shall receive all payments. Nothing contained in this contract shall create any contractual relation between any subcontractor and the **CITY**.

### **3.9 OUT-OF-STATE CONTRACTORS**

All out-of-state **CONTRACTORS** are required to submit with their bid package a copy of any law from their state of residence which would give a preference to **CONTRACTORS** domiciled in their state over out-of-state **CONTRACTORS**.

### **3.10 NON-DISCRIMINATORY EMPLOYMENT**

The City Council adopted on October 21, 1975, a Resolution requiring non-discriminatory employment by persons who contract with the **CITY** to supply labor, materials, goods, or services to the **CITY**. A copy of the latest City Manager's *Policy Statement On Equal Employment Opportunity* shall be included in the contract documents and is on file in the City Clerk's Office. The **CONTRACTOR** and **CONTRACTOR'S** subcontractors or agents must not engage in any discriminatory employment practices.

### **3.11 WAGE RATES**

Wage rates for the various classes of labor involved in the project shall be not less than those prevailing for each class of labor in this area. Time and one-half shall be paid all workers, whether skilled or semi-skilled, for all labor done in excess of forty (40) hours weekly. The inclusion, if any, of a schedule of minimum wage does not relieve the **CONTRACTOR** from responsibility to comply with any State or Federal wage law that may be applicable.

The **CONTRACTOR** shall deduct from all workers' wages social security, withholding tax, and all deductions required by law and shall not make any deductions other than those required or authorized by law.

### **3.12 PROPOSAL GUARANTY (BID BOND)**

Bidders must submit an acceptable Cashier's or Certified Check upon a national or state bank in the amount of five percent (5%) of the total maximum bid payable without recourse to the City of Tyler, Texas, or an acceptable *Bid Bond* in the same amount from a reliable surety company,

registered by the State Board of Insurance to conduct business in the State of Texas, and acceptable according to the most recent list of the companies holding Certificates of Authority from the Secretary of the Treasury of the United States, shown on the Treasury List, as a guarantee that the bidder will enter into a contract. The proposal guaranty must be enclosed in the same envelope containing the bid package. Bid packages without the required enclosed check or ***Bid Bond*** will not be considered. All proposal guaranties will be returned un-negotiated, after the bids are opened, except those of the three (3) lowest bidders, which the **CITY** may elect to hold until the successful bidder has executed the contract.

### **3.13 PREPARATION OF PROPOSAL**

The bidder has the option of either submitting the proposal on the forms furnished by the **CITY** in the contract documents, or submitting a computer print-out proposal in lieu of the **CITY'S Proposal** form.

#### **Preparation of Proposal on forms supplied by CITY:**

All blank spaces in the form must be correctly filled in and the bidder must state the prices, typed or written in ink, both in words and numerals, for which the bidder proposes to do the Work contemplated or furnish the material required. It will be the bidder's responsibility to ensure that all unit prices written in words will be clear and legible. Illegibly written unit prices will result in the proposal being rejected and will not be considered as an irregularity of the proposal. In case of a discrepancy between the unit price written in words, the unit price written in figures, and/or the item extension written in figures, the unit price written in words will govern.

The Total Bid Price must be shown in both numbers and words.

Acknowledgement of all addenda, typed name and title of person signing proposal, authorized signature and date shall also be included.

#### **Preparation of Proposal on computer print-out supplied by bidder:**

The computer print-out proposal shall be in spreadsheet format, using software of the bidder's selection. As a minimum, a computer print-out must include the following information: Bid Item Number, Approximate Quantities, Unit of Measure, Bid Item Description, Written Unit Price, Unit Bid Price, Extended Price (Amount), as well as Total Bid Price. Line items must be in the same order as on the **CITY'S Proposal** form (see example below).

Bid Item	Quantity	Unit	Item Description and Written Unit Price	Unit Price	Amount
----------	----------	------	--	------------	--------

The Total Bid Price must be shown in both numbers and words.

Acknowledgement of all addenda, typed name and title of person signing proposal, authorized signature and date shall also be included.

All computer print-out proposals shall be delivered, in hard copy (i.e. no fax or e-mail submittals) to the designated location, at or before the designated time and include the following certification:

**[Insert bidder's name here] certifies that the unit prices shown on this complete computer print-out for all the bid items and alternates contained in this proposal are the unit prices intended and that its bid will be tabulated using these unit prices and no other information from this print-out. [Insert bidder's name here] acknowledges and agrees that the total bid amount shown will be read as its total bid and further agrees that the official total bid amount will be determined by multiplying the unit bid prices shown in this print-out by the respective estimated quantities shown in the City of Tyler issued proposal and totaling all of the extended amounts.**

**CONTRACTORS** building public streets and drainage, water and/or sewer facilities (not including specialty work such as pipeline camera inspection, interior lining of pipes, etc.) shall have a fully executed ***Contractor's Qualification Statement*** on file with the **CITY** prior to bid opening or include it as part of the **CONTRACTOR'S** bid package. Forms are available for download at <https://www.cityoftyler.org/government/departments/engineering-services/engineering-and-construction-standards>. **CONTRACTORS** performing any other type of work (i.e., not public streets, drainage or utilities) are not required to have a ***Contractor's Qualification***

**Statement** on file or include it as part of the bid package unless required by a City Operational Department. Other information from the **CONTRACTOR** such as company history, relevant work experience, project references, etc. may be required in lieu of the **Contractor's Qualification Statement**.

The bid package filed with the Purchasing Agent will be opened at the time stated in the **Notice to Bidders** and publicly read aloud, and will thereafter remain on file with the **CITY**. Bidders or their agents are invited to be present.

### 3.18 IRREGULAR PROPOSALS

Proposals will be considered irregular if they show any omissions, alterations of form, additions, or conditions not called for, unauthorized alternate bids, or irregularities of any kind. However, the **CITY** reserves the right to waive any irregularities and to make the award in the best interests of the **CITY**.

### 3.19 DISQUALIFICATION OF BIDDERS

Bidders may be disqualified and their bid package not considered for any of the following specific reasons:

1. Reason to believe collusion exists among the bidders.
2. The bidder is in arrears on any existing contract or has defaulted on a previous contract.
3. The bidder is interested in any litigation against the **CITY**.
4. Uncompleted Work which in the judgment of the **CITY** will prevent or hinder the prompt completion of additional Work if awarded.
5. Poor performance in the execution of Work under previous contracts.
6. The bidder is determined to have an unacceptable safety record.
7. Incomplete bid packages (*see* Section 3.15, "Filing of Bid Packages").
8. Proposals in which prices are obviously unbalanced (*see* Section 3.6, "Unit Prices").
9. Proposals which are irregular (*see* Section 3.18, "Irregular Proposals").
10. **CONTRACTORS** not qualified to perform this Work, as determined by the **CITY**.
11. **CONTRACTOR** is not on **CITY'S** Approved Contractors List or **Contractor's Qualification Statement** is not on file with the **CITY** prior to bid opening nor included as part of the bid package.
12. Failure to have an authorized agent of the bidder at a Pre-Bid Conference, when attendance is mandatory.

### 3.20 CONSIDERATION OF PROPOSALS

After bid packages are opened, the proposals will be tabulated for comparison on the basis of the bid prices and quantities shown in the proposal.

### 3.21 CITY MAY REJECT BID PACKAGES

Until final award of the contract, the **CITY** reserves the right to reject any or all bid packages, to waive technicalities, and to re-advertise for new bids, or proceed to do the Work otherwise in the best interests of the **CITY** (TEX. LOC. GOV'T CODE ANN. §252.043(f); §271.027(a)).

### 3.22 AWARD OF CONTRACT

After all submitted bid packages have been opened and read aloud, the proposals submitted will be reviewed and tabulated in order from low to high bid. Upon request, a copy of the tabulation will be forwarded to each bidder submitting a qualified bid package.

The award of the contract, if it is awarded, will be to the lowest responsible bidder in accordance with the **General Conditions**. The tabulated bids, along with the recommendation of the Project Designer shall be placed on the agenda of a regularly scheduled City Council Meeting within sixty (60) calendar days of bid opening.

If the contract is awarded, it will be awarded to the lowest responsible bidder, but the contract may not be awarded to a bidder who is not the **lowest bidder** unless before the award, the **CITY** gives notice to each lower bidder of the proposed award and each lower bidder is given an opportunity to appear before the City Council, or the designated representative of the City Council, and present evidence concerning the bidder's responsibility. TEX. LOC. GOV'T CODE ANN. § 271.027. Notification of the City Council action will be issued to the affected bidders.

### 3.23 RETURN OF BIDDER'S BOND

As soon as bid prices have been tabulated for comparison of bids, the **CITY** may, at its discretion, return the proposal guaranties accompanying the bid packages which, in its judgment, would not be considered in the award; all other proposal guaranties will be retained by the **CITY** until the required contract and bonds have been executed, after which they will be returned. No proposal guaranties will be returned until at least two (2) calendar days have elapsed from time of opening bid packages.

### 3.24 SUBMISSION OF POST BID INFORMATION

Upon request by the **CITY**, the selected bidder must, within seven (7) calendar days thereafter, submit the following:

1. A designation of the Work to be performed by the bidder with the bidder's own forces.
2. A list of names of the subcontractors or other persons or organizations (including those who are to furnish materials or equipment fabricated to a special design) proposed for such portions of the Work as may be designated in the bidding documents or, if no portions are so designated, the names of the subcontractors proposed for stated portions of the Work.

The bidder will be required to establish to the satisfaction of the Project Designer and the **CITY** the reliability and responsibility of the proposed subcontractors to furnish and perform such portions of the Work. Prior to the award of the contract, the Project Designer will notify the bidder in writing if either the **CITY** or the Project Designer, after due investigation, has reasonable and substantial objection to any person or organization on such list. Subcontractors and other persons and organizations proposed by the bidder and accepted by the **CITY** and the Project Designer must be used on the Work for which they were proposed and accepted and will not be changed except

with the written approval of the **CITY** and the Project Designer.

### **3.25 CONTRACT BONDS**

The **CONTRACTOR** is required, pursuant to TEX. GOV'T CODE ANN. § 2253.021, and/or the *Standard Form of Agreement* to execute all bonds before commencing the work. The contract shall not be in effect until **CONTRACTOR** executes the AGREEMENT and files with the **CITY** a good and sufficient *Statutory Performance and Maintenance Bond and Payment Bond* (when applicable) or *Payment Bond* on standard forms and in the amount equal to one hundred percent (100%) of the total amount of the contract. Such bonds are furnished by the **CONTRACTOR** and approved by the **CITY**.

A *Performance and Maintenance Bond and Payment Bond* shall be required for contract amounts in excess of one hundred thousand dollars (\$100,000).

*Payment Bond* shall be required for all projects regardless of value.

Within fifteen (15) calendar days after written notification of the award of the contract, the **CONTRACTOR** shall submit *Statutory Performance and Maintenance Bond and Payment Bond* (when applicable) or *Payment Bond* to **CITY** on standard forms as required by the AGREEMENT.

### **3.26 INSURANCE**

**CONTRACTOR** agrees, at its sole expense, to maintain on a primary basis during the life of the Contract and the performance of Work, required insurance coverages, limits, and endorsements. Insurance required by the AGREEMENT for the **CITY** as additional insured shall be primary insurance and not contributing with any other insurance available to **CITY**.

**CONTRACTOR** agrees to provide evidence of the required coverages at execution of contract. In the event the **CONTRACTOR** performs any site work, other than testing, then all the insurance required will need to be evidenced prior to commencement of said site work.

### **3.27 EXECUTION OF CONTRACT**

The person(s), partnership, company, firm, association or corporation to whom a contract is awarded must, within fifteen (15) calendar days after receipt of the contract, sign the necessary agreements entering into the required contract with the **CITY**. No contract will be binding on the **CITY** until it has been approved by the City Attorney, executed by the City Manager, attested by the City Clerk, and delivered to the **CONTRACTOR**.

### **3.28 FAILURE TO EXECUTE CONTRACT**

The failure of the bidder to execute the required bonds or to sign the required contract within fifteen (15) calendar days after receipt of the contract will be considered by the **CITY** as an abandonment of the proposal and the **CITY** may annul the award. By reason of the uncertainty of the market prices of materials and labor, and it being impracticable and difficult to determine accurately the amount of damages accruing to the **CITY** by reason of said bidder's failure to execute said bonds and contract within said fifteen (15) calendar days, the proposal guaranty accompanying the proposal will be the agreed amount of damages which the **CITY** will suffer by reason of such failure on the part of the bidder, and will thereupon immediately be forfeited to the **CITY**. The filing of a bid package will be considered as an acceptance of this provision.

### **3.29 BEGINNING OF WORK**

The **CONTRACTOR** will not begin Work until notified in writing by the **CITY** to do so.

corrections. The **CONTRACTOR** shall make any corrections required by the Project Designer, file with the Project Designer four (4) corrected copies and furnish such other copies as may be needed. The Project Designer's approval of such drawings or schedules shall not relieve the **CONTRACTOR** from responsibility for deviations from drawings or specifications, unless the **CONTRACTOR** has in writing called the Project Designer's attention to such deviations at the time of submission, nor shall it relieve the **CONTRACTOR** from responsibility for errors of any sort in shop drawings or schedules. It shall be the **CONTRACTOR'S** responsibility to fully and completely review all shop drawings to ascertain their effect on the **CONTRACTOR'S** ability to perform the required contract Work in accordance with the plans and specifications and within the contract time.

## 16.10 MAINTENANCE OF SITE

### 16.10.1 Protection of Adjoining Property

The **CONTRACTOR** shall take proper means to protect the adjacent or adjoining property or properties in any way encountered, which might be injured or seriously affected by any process of construction to be undertaken under this AGREEMENT, from any damage or injury by reason of said process of construction; and the **CONTRACTOR** shall be liable for any and all claims for such damage on account of the **CONTRACTOR'S** failure to fully protect all adjoining property. The **CONTRACTOR** agrees to indemnify, hold harmless and defend the **CITY** and Project Designer from and against all claims for property damages to any adjacent or adjoining real property arising or growing out of the performance of the contract, to the extent that such damage was caused by the negligent or intentional acts or omissions of **CONTRACTOR**.

The **CONTRACTOR** shall repair all fences, concrete walls, concrete sidewalks, concrete curbs, gravel, asphalt and concrete driveways, signs, culverts, and all other miscellaneous improvements, unless otherwise specified by bid item in the *Proposal* or *Special Conditions*, at no additional expense to the **CITY**, damaged by the **CONTRACTOR** due to the Work on the project, to a condition equal to or better than their condition before construction.

### 16.10.2 Driveways and Property Access

The **CONTRACTOR** shall keep all driveways and parking areas to properties adjacent to the site of Work open at all times except for the minimum practical time required to install the Work. The timing for pavement cuts shall be coordinated with the Project Representative in advance of pavement cuts in order to assure that property owners and persons using public roadways are inconvenienced as little as possible and that access to private property is maintained at all times. In addition to other methods for maintaining property access as described elsewhere in the specifications, the **CONTRACTOR** shall either backfill all trenches at the end of the day and place a temporary oil sand surface over streets or driveways, or provide a steel traffic plate of sufficient size and thickness to safely bridge open trenches and allow vehicular access on streets or driveways.

The provision of this equipment and its subsequent maintenance and use shall be subsidiary to the various pay items established in the *Proposal* for furnishing and installing the Work. The provision and use of the steel traffic plate shall not relieve the **CONTRACTOR** from the obligation to backfill the trench and provide temporary gravel patching in paved areas as quickly as practical per the requirements in the *Technical Specifications*.

### 16.10.3 Traffic Control

The safety of the public and the convenience of traffic shall be regarded as of prime importance. The **CONTRACTOR** shall submit a traffic control plan along with the sequence of construction at the scheduled Pre-Construction Conference, if requested by the **CITY**. Unless otherwise directed, all portions of the streets in this project shall be kept open to traffic. It shall be the responsibility of the **CONTRACTOR** to ensure that two-way traffic (minimum 22' wide) on an all-weather surface may safely bypass the construction site and that access is provided to abutting private property. An all-weather surface shall be of a material and depth as defined in the City of Tyler Unified Development Code and approved by the Project Representative.

The **CONTRACTOR** shall plan and execute all Work in a manner that will cause the minimum interference with traffic. The **CONTRACTOR** shall place, and maintain in good condition,

standard barricades at each end of the project and at other locations where traffic is rerouted or blocked from using regular traffic lanes. Where the work on this project creates a safety hazard to the general public, the **CONTRACTOR** shall furnish and erect sufficient barricades and warning signs to warn the public of the danger. The **CONTRACTOR** shall also provide sufficient flares or other emergency lighting to warn the public at night. Barricades, signs, and traffic handling shall be in accordance with the Texas Manual on Uniform Traffic Control Devices (TMUTCD), the latest edition in effect at time of bidding, as adopted by the Texas Department of Transportation (TxDOT).

It shall be the responsibility of the **CONTRACTOR** to furnish, install, and maintain barricades, traffic control devices, signs, and flashers of the size and type specified at locations as shown in the approved traffic control plan throughout the limits of this project from the date of notice to proceed until final acceptance. When directed by the **CITY**, the **CONTRACTOR** shall do the necessary cleanup and finishing immediately after all or a portion of the pavement has been placed, as to allow the **CITY** to provide adequate traffic control to those portions of the completed roadway which will be open to traffic.

Unless specifically provided for under a bid item, barricades, signs and traffic handling shall be furnished, installed, and maintained at the **CONTRACTOR'S** expense.

In case the **CONTRACTOR** fails to provide ingress and egress to private property and/or maintain the proper barricades, signs, and flashers, the **CITY** may provide these services and deduct the cost thereof, including overtime and administrative expenses, from all payments thereafter due the **CONTRACTOR**.

The **CONTRACTOR** shall notify the Project Representative and Traffic Engineer, at least four (4) days (excluding Saturdays, Sundays, and holidays) in advance of beginning the proposed Work, of the **CONTRACTOR'S** intention to close or partially block the street or any part thereof, or of any construction affecting the free flow of traffic.

Should the **CONTRACTOR**, during the Work, reduce an existing two-way roadway to less than twenty-two (22) feet, the **CONTRACTOR** shall provide flagmen and route traffic through the construction area one lane at a time.

A flagman will be required at any time it is necessary for the **CONTRACTOR'S** equipment to move into or across an open traffic lane or at other such times as directed by the Project Representative. A flagman shall be utilized to aid the exit of hauling equipment from open traffic lanes to the work area, and the entry of hauling equipment from the work area to open traffic lanes.

The **CONTRACTOR** shall not remove and/or relocate any regulatory traffic control devices. The Traffic Engineer will be responsible for the removal and/or relocation of all regulatory traffic control devices. Detour routes, as required, will be approved by the Traffic Engineer. The Traffic Engineer will be responsible for the installation of any regulatory traffic control devices that may be required due to the construction of detour routes, excluding warning signs and required warning lights attached thereto.

#### **16.10.4 Erosion Control Plan**

Unless otherwise stated in the *Special Conditions*, the **CONTRACTOR** will sequence construction and proceed in a manner that will minimize erosion. The **CONTRACTOR** will be responsible for installing and maintaining adequate erosion control mechanisms. The

**CONTRACTOR** shall submit an erosion control plan at the scheduled Pre-Construction Conference, if requested by the **CITY**. Erosion control measures shall be in place prior to beginning earthwork activities. Unless otherwise noted, there will be no bid item for the payment of this Work.

#### **16.10.5 Protection of Survey Monuments**

The **CONTRACTOR** shall exercise care to preserve and not disturb existing survey monuments and property corner markers.

#### **16.10.6 Manhole, Clean-Out, and Water Valve Locations**

When a **CONTRACTOR** installs or lowers existing manholes, clean-outs, and water valves, it is the **CONTRACTOR'S** responsibility to establish the correct location of these appurtenances for future raising to grade. Any additional work needed to locate these appurtenances will be at the **CONTRACTOR'S** expense.

#### **16.10.7 Water Sprinklers**

All lawn water sprinkler systems damaged by the **CONTRACTOR**, whether on private property or in the public right of way, shall be repaired at the **CONTRACTOR'S** expense.

#### **16.10.8 Existing Mailboxes**

Unless otherwise noted in the plans and specifications, existing mailboxes along the project site will be removed and relocated as necessary by the **CONTRACTOR**. The **CONTRACTOR** must provide daily access to the mailboxes for the delivery of mail by letter carriers. Unless otherwise noted, there will be no bid item for the payment of this Work.

### **16.11 GENERAL PROVISIONS**

#### **16.11.1 Damages**

In the event the **CITY** is damaged in the course of the Work by the act, negligence, omission, mistake or default of the **CONTRACTOR**, or should the **CONTRACTOR** unreasonably delay the progress of the work being done by others on the job so as to cause loss for which the **CITY** becomes liable, then the **CONTRACTOR** shall reimburse the **CITY** for such loss.

#### **16.11.2 Losses From Natural Causes**

Unless otherwise specified, all loss or damage to the **CONTRACTOR** arising out of the nature of the Work to be done, or from the action of the elements, or from any unforeseen circumstance in the prosecution of the same, or from unusual obstructions or difficulties which may be encountered in the prosecution of the Work, shall be sustained and borne by the **CONTRACTOR** at the **CONTRACTOR'S** own cost and expense.

#### **16.11.3 Public Utilities**

All utility adjustments necessary for the completion of the Work in this contract will be made by the owners of the affected utilities, provided said utilities are not made a part of the scope of this project and incorporated within the limits of this project as may be designated by bid items within the *Proposal*. The **CONTRACTOR** shall use the utmost care to preserve and prevent damage to existing utilities. If at any time the **CONTRACTOR** damages the utilities in place through negligence or carelessness, the **CONTRACTOR** shall pay for the full cost of repairing such

damages. Underground utilities shown on these plans are drawn based on records, surface evidence, excavations at certain locations, and best recollection. The **CONTRACTOR** is responsible for carefully locating each underground utility prior to start of construction.

#### 16.11.4 Ozone Action Day

The City of Tyler has adopted Ozone Action Day guidelines to be used on days designated as Ozone Actions Days. All outside **CONTRACTORS** will be required to adhere to these guidelines. Local television stations will advise of an “Ozone Action Day” and the **CITY** will announce the action day over the local government access channel the day prior to an action day. In addition, the **CONTRACTOR** may also be notified of an Ozone Action Day by the Project Representative.

On Ozone Action Days, the Project Representative will work with the **CONTRACTOR** to reduce ozone producing precursors by implementing the **CITY’S** Ozone Action Plan. This plan shall include, but not be limited to:

- A. Consider work schedules that will reduce equipment and vehicle usage in the morning hours during the normal ozone producing season of May through September.
- B. Delay fueling of vehicles until the advisory is over. If fueling is necessary, do so in the late afternoon or early evening. Avoid overfilling the tank and allowing fuel to spill onto the ground. Limit vehicle trips as much as possible. Coordinate activities to avoid duplication of trips. If possible, schedule trips for afternoons.
- C. Avoid idling vehicles unnecessarily. Limit use of weed eaters, tractors, lawnmowers, and power tools. Ensure that all vehicles and equipment are tuned and maintained according to manufacturer’s tune-up and emissions control standards.
- D. Schedule the use of heavy equipment for non-ozone action days. Turn off lights and equipment to reduce power load when vehicles are not in use.
- E. Eliminate the use of oil based paints requiring hydrocarbon based solvents on all action days.

## 16.12 PROSECUTION AND PROGRESS

### 16.12.1 Time and Order of Completion

It is the meaning and intent of this contract, unless otherwise herein specifically provided, that the **CONTRACTOR** shall be allowed to prosecute the Work at such times and seasons, in such order of precedence, and in such manner as shall be most conducive to economy of construction: provided, however, that the order and the time of prosecution shall be such that the Work shall be completed in full, in accordance with this contract, the plans and specifications, and within the time of completion designated in the *Standard Form of Agreement*; provided, also, that when the **CITY** is having other work done, either by contract or by its own force, the **CITY** may direct the time and manner of constructing the Work done under this contract, so that conflict will be avoided and the construction of the various works being done for the **CITY** shall be harmonized.

Upon request, the **CONTRACTOR** must, within seven (7) calendar days thereafter, submit a proposed sequence of construction to the Project Designer for review and approval. The **CONTRACTOR** shall also submit, upon request, a construction progress schedule which shall show the order in which the **CONTRACTOR** proposes to carry on the Work, with dates at which the **CONTRACTOR** will start the various parts of the Work, and estimated dates of completion of the various parts. During the course of the Work, the **CONTRACTOR** shall make updates to the construction progress schedule and shall submit the updates to the Project Designer upon

request.

### 16.12.2 Computation of Contract Time for Completion

The **CONTRACTOR** shall complete the Work in full within the number of working/calendar days, or by the mandatory completion date, stated in the *Standard Form of Agreement*. For the purpose of computation, working/calendar days will be considered as starting on the tenth (10<sup>th</sup>) day after the date of the written *Notice to Proceed*.

### 16.12.3 Liquidated Damages

The time set forth in the *Standard Form of Agreement* for the completion of the Work is an essential element of the contract. For each working/calendar day that any Work shall remain uncompleted after the expiration of the working/calendar days specified in the contract, together with any additional working/calendar days allowed, the amount per day given in the following schedule will be deducted from the money due, or to become due, the **CONTRACTOR**, not as a penalty, but as liquidated damages:

Amount of Contract Total Awarded Construction Amount	Amount of Liquidated Damages to be deducted per Working or Calendar Day
Less than \$ 50,000	\$ 50
\$ 50,001 to \$ 100,000	\$ 100
\$ 100,001 to \$ 500,000	\$ 200
\$ 500,001 to \$ 1 million	\$ 400
\$ 1,000,001 to \$ 5 million	\$ 1,000
Over \$ 5,000,000 (5 million)	0.02%

### 16.12.4 Extension of Time

Should the **CONTRACTOR** be delayed in the completion of the Work by any act or neglect of the **CITY** or Project Designer, or any employee of either, or by other contractors employed by the **CITY**, or by changes ordered in the Work, or by strikes, lockouts, fires, and unusual delays by common carriers, or unavoidable cause or causes beyond the **CONTRACTOR'S** control, or by any cause which the Project Designer shall decide justifies the delay, then an extension of time shall be allowed for completing the Work, sufficient to compensate for the delay, the amount of the extension to be determined by the Project Designer, provided, however, that the **CONTRACTOR** shall give the Project Designer prompt notice in writing of the cause of such delay.

### 16.12.5 Inclement Weather

"Unusual Inclement Weather" is defined as a rain event beyond that which is defined as "normal rainfall" or other weather related event which occurs at the site and is of sufficient magnitude to prevent the **CONTRACTOR** from performing units of Work critical to maintaining the progress schedule.

Under a calendar day contract, the **CONTRACTOR** may be granted an extension of time because of unusual inclement weather, including but not limited to unusual rainfall events, which are

beyond the normal rainfall recorded and expected for Tyler, Texas. However, the **CONTRACTOR** will not be granted an extension of time for “normal rainfall”, as described below.

“Normal rainfall” compiled by the National Climatic Data Center for Tyler, Texas is considered a part of the calendar day contract, and is not a justification for an extension of time. Listed below are the number of days in each month for which no compensatory days for rainfall events (“Rain Days”) in such months may be claimed:

<u>Month</u>	<u>No. Days</u>
January	3
February	4
March	4
April	5
May	4
June	4
July	4
August	2
September	3
October	3
November	4
December	5

Rain days in addition to the baseline rain day determination described above will be measured with the Project Representative’s approval at the nearest operational public weather data collection facility to the site, including but not limited to the **CITY’S** early warning flood gauge system.

The **CONTRACTOR** may receive credit in any month for unusual inclement weather, and specifically for any rain days in that month which exceed the number of rain days allocated to that month, if a claim is made and the weather event meets the definition for unusual inclement weather, and as applicable, such claimed day is a day on which Work critical to maintaining the progress schedule is scheduled to be performed and is otherwise capable of being performed.

#### **16.12.6 Hindrances and Delays**

No claims shall be made by the **CONTRACTOR** for damages resulting from hindrances or delays from any cause, except where the Work is stopped by order of the **CITY** or their representatives during the progress of any portion of the Work embraced in this contract. In case said Work shall be stopped by the act of the **CITY** or their representatives, then such expense, in the judgment of the Project Designer, as caused by such stoppage of said Work shall be paid by the **CITY** to the **CONTRACTOR**.

### **16.13 MEASUREMENT AND PAYMENT**

#### **16.13.1 Quantities and Measurements**

No extra or custom measurements of any kind will be allowed, but the actual measured and/or computed length, area, solid contents, number and weight only shall be considered, unless otherwise specifically provided.

### 16.13.2 Estimated Quantities

This AGREEMENT, including the specifications, plans and *Proposal* is intended to show clearly all Work to be done and material to be furnished hereunder. Where the estimated quantities are shown for the various classes of Work to be done and material to be furnished under this contract, they are approximate and are to be used only as a basis for estimating the probable cost of the Work and for comparing the proposals offered for the Work. It is understood and agreed that the actual amount of Work to be done and material to be furnished under this contract may differ somewhat from these estimates, and that where the basis for payment under this contract is the unit price method, payment shall be for the actual amount of such Work done and the material furnished.

Where payment is based on the unit price method, the **CONTRACTOR** will make no claim for damages, anticipated profits or otherwise on account of any differences which may be found between the quantities of Work actually done, the material actually furnished under this contract and the estimated quantities contemplated and contained in the *Proposal*; provided, however, that in case the actual quantity of any major item should become as much as twenty percent (20%) more than, or twenty percent (20%) less than the estimated or contemplated quantity for such items, then either party to this AGREEMENT, upon demand, shall be entitled to a revised consideration upon the portion of the Work above or below twenty percent (20%) of the estimated quantity.

A "Major Item" shall be construed to be any individual bid item incurred in the *Proposal* that has a total cost equal to or greater than five percent (5%) of the total contract cost, computed on the basis of the *Proposal* quantities and the contract unit prices.

When "plan quantity" is indicated for a bid item, **CONTRACTOR** shall be paid the amount specified in the contract documents without any measurement.

Any revised consideration is to be determined by agreement between the parties, otherwise by the terms of this AGREEMENT, as provided in Section 16.14, "Extra Work and Claims".

### 16.13.3 Price of Work

In consideration of the furnishing of all the necessary labor, equipment and material, and the completion of all Work by the **CONTRACTOR**, and on the completion of all Work and of the delivery of all material embraced in this contract in full conformity with the specifications and stipulations herein contained, the **CITY** agrees to pay the **CONTRACTOR** the prices set forth in the *Proposal* hereto attached, which has been made a part of this contract. The **CONTRACTOR** hereby agrees to receive such prices in full for furnishing all material and all labor required for the aforesaid Work, also for all expenses incurred, and for well and truly performing the same and the whole thereof in the manner and according to this AGREEMENT.

Where alternate methods of payment are allowed, the method of payment shall be as shown in the *Proposal*.

### 16.13.4 Arrears

No money shall be paid by the **CITY**, upon any claims, debt, demand, or account whatsoever, to any person, firm, or corporation who is in arrears to the City of Tyler for taxes; and the **CITY** shall be entitled to counterclaim and offset against any such debt, claim, demand, or account in the amount of taxes so in arrears, and no assignment or transfers of such debt, claim, demand, or

account after the said taxes are due, shall affect the right of the **CITY** to do so offset the said taxes against the same.

#### **16.13.5 Payments Withheld**

The **CITY** may, on account of subsequently discovered evidence, withhold or nullify the whole or part of any certificate to such extent as may be necessary to be protected from loss on account of:

- A. Defective Work not remedied.
- B. Claims filed or reasonable evidence indicating probable filing of claims.
- C. Failure of the **CONTRACTOR** to make payments properly to sub-contractors or for material or labor.
- D. Damage to the **CITY** or another contractor.
- E. Reasonable doubt that the Work can be completed for the unpaid balance of the contract amount.
- F. Reasonable indication that the Work will not be completed within the contract time.
- G. Failure to submit a construction progress schedule or to submit updates to the construction progress schedule upon request of the **CITY**.

When the above grounds are removed or the **CONTRACTOR** provides a Surety Bond satisfactory to the **CITY**, which will protect the **CITY** in the amount withheld, payment shall be made for amounts withheld because of them.

#### **16.13.6 Partial Payments**

On or before the tenth (10<sup>th</sup>) day of each month, the **CONTRACTOR** shall prepare and submit to the Project Designer for review and approval a statement showing as completely as practicable the total value of the Work done by the **CONTRACTOR** up to and including the last day of the preceding month; said statement shall also include the value of all sound materials delivered on the site of the Work that are to be fabricated into the Work.

The **CITY** shall then pay the **CONTRACTOR** the total amount of the approved statement, less five percent (5%) or ten percent (10%) of the amount thereof, which five percent (5%) or ten percent (10%) shall be retained until final payment, and further less all previous payments and all further sums that may be retained by the **CITY** under the terms of this AGREEMENT. If the contract amount is less than four-hundred thousand (\$400,000), ten percent (10%) of the approved statement will be retained. If the contract amount is four-hundred thousand (\$400,000) or greater, five percent (5%) of the approved statement will be retained. It is understood, however, that in case the whole Work be near to completion and some unexpected and unusual delay occurs due to no fault or neglect on the part of the **CONTRACTOR**, the **CITY** may, upon written recommendation of the Project Designer, pay a reasonable and equitable portion of the retained percentage to the **CONTRACTOR**, or the **CONTRACTOR** at the **CITY'S** option, may be relieved of the obligation to fully complete the Work and, thereupon, the **CONTRACTOR** shall receive payment of the balance due under the contract subject only to the conditions stated under Section 16.13.11, "Final Payment".

#### **16.13.7 Records of Materials Purchased**

On or before the tenth (10<sup>th</sup>) day of each month, the **CONTRACTOR** shall furnish to the Project Designer, one copy of all invoices for materials furnished to be incorporated into the Work, plus a statement of all materials previously included on monthly estimates and incorporated into the Work during the preceding month. This information is to be used to determine the value of

materials on hand to be included in the monthly estimate for periodic payments.

If the **CONTRACTOR** fails to furnish this information, no materials shall be included on the monthly estimates until they are permanently incorporated into the Work.

#### **16.13.8 Use of Completed Portions**

The **CITY** shall have the right to take possession of and use any completed or partially completed portions of the Work, notwithstanding the time for completing the entire Work or such portions may not have expired, but such taking possession and use shall not be deemed an acceptance of any Work not completed in accordance with the contract documents. If such prior use increases the cost of or delays the Work, the **CONTRACTOR** shall be entitled to such extra compensation, or extension of time, or both, as the Project Designer may determine.

#### **16.13.9 Substantial Completion**

The **CONTRACTOR** shall notify the Project Representative when, in the **CONTRACTOR'S** opinion, the Work is substantially complete and when so notifying the Project Representative, the **CONTRACTOR** shall furnish to the Project Representative in writing a detailed list of unfinished Work. The Project Representative will review the **CONTRACTOR'S** list of unfinished Work and will add thereto such items as the **CONTRACTOR** has failed to include. The "substantial completion" of the structure or facility shall not excuse the **CONTRACTOR** from performing all of the Work undertaken, whether of a minor or major nature, and thereby completing the structure or facility in accordance with the contract documents.

#### **16.13.10 Final Completion and Acceptance**

When all Work has been completed on this contract:

- A. The **CONTRACTOR** shall clean and remove from the site of the Work, all surplus and discarded material, temporary structures and debris of every kind. The **CONTRACTOR** shall leave the site of the Work in a neat and orderly condition equal to or better than that which originally existed.
- B. The **CONTRACTOR** shall furnish to the Project Designer a notification stating that all Work has been completed in accordance with the plans and specifications.
- C. Final inspection will be made. If the Work is found to be incomplete or defective, the **CONTRACTOR** shall take whatever measures as are necessary to complete such Work or remedy such deficiencies.
- D. The **CONTRACTOR** shall pay all bills for materials and labor which were incurred in performance of this contract and shall file with the **CITY** a notarized ***Contractor's Affidavit of Bills Paid***. In the event the **CONTRACTOR** is unable to pay all bills before receiving final payment, the **CONTRACTOR** shall furnish to the **CITY** an affidavit that all bills are paid except those listed in the affidavit. The list of unpaid bills in the affidavit shall include the amount owed and what the bill is for. This affidavit shall further certify that the **CITY** has the **CONTRACTOR'S** permission to make out separate checks jointly to the **CONTRACTOR** and the company or person to whom each bill is owed. The **CONTRACTOR** shall also provide the **CITY** with applicable Waiver and Release forms (*conditional/unconditional*) covering all labor, services, equipment, or materials furnished to property covered under this Agreement or to persons with whom **CONTRACTOR** contracted with in the performance of this Agreement. A waiver and release given by a **CONTRACTOR** shall substantially comply with the applicable form described in Tex. Prop. Code § 53.284, subsections (d) - (e).
- E. The **CONTRACTOR** shall provide consent of surety, if any, to final payment. If surety is

not provided, the **CONTRACTOR** shall provide complete and legally effective releases or waivers (satisfactory to **CITY**) of all claims arising out of or filed in connection with the Work.

- F. The **CONTRACTOR** shall furnish to the **CITY** a one (1) year maintenance bond for one hundred percent (100%) of the total contract, in favor of the **CITY**.

If the Work is found to be complete in accordance with the contract documents and the *Contractor's Affidavit of Bills Paid* and applicable *Waiver and Release forms* have been filed with the **CITY**, written notice of final acceptance will be made by the **CITY** and final payment will be made in accordance with the terms of the contract documents.

#### **16.13.11 Final Payment**

Upon receipt of the notification of final acceptance, the Project Designer shall proceed to make final measurements and prepare a final statement of the value of all Work performed and materials furnished under the terms of the AGREEMENT and shall certify same to the **CITY**. The **CITY** shall pay to the **CONTRACTOR** the balance due the **CONTRACTOR** under the terms of this AGREEMENT, provided the **CONTRACTOR** has fully performed all contractual obligations under the terms of this contract; and said payment shall become due in any event upon said performance by the **CONTRACTOR**. Neither the written notice of final acceptance nor the final payment, nor any provision in the contract documents, shall relieve the **CONTRACTOR** of the obligation for fulfillment of any warranty which may be required.

### **16.14 EXTRA WORK AND CLAIMS**

#### **16.14.1 Changes and Alterations**

The **CITY** may make such additions, deletions or revisions as the **CITY** may see fit, in the line, grade, form, dimensions, plans or materials for the Work herein contemplated, or any part thereof, either before or after the beginning of the construction, without affecting the validity of this contract and the accompanying *Statutory Performance and Maintenance Bond* and *Payment Bonds*.

If such changes or alterations diminish the quantity of the Work to be done, they shall not constitute the basis for a claim for damages, or anticipated profits on the Work that may be dispensed with, except as provided for unit price items under Section 16.13, "Measurement and Payment." If the amount of Work is increased, and the Work can fairly be classified under the specifications, such increase shall be paid for according to the quantity actually done and at the unit price, if any, established for such Work under this contract, except as provided for unit price items under Section 16.13, "Measurement and Payment"; otherwise, such additional Work shall be paid for as provided under Section 16.14, "Extra Work and Claims". In case the **CITY** shall make such changes or alterations as shall make useless any Work already done or material already furnished or used in said Work, then the **CITY** shall recompense the **CONTRACTOR** for any material or labor so used, and for any actual loss occasioned by such change, due to actual expenses incurred in preparation for the Work as originally planned.

#### **16.14.2 Change Orders**

Without invalidating this AGREEMENT, the **CITY** may, at any time or from time to time, order additions, deletions or revisions to the Work; such changes will be authorized by change order to be prepared by the Project Designer for execution by the **CITY** and the **CONTRACTOR**. The

change order shall set forth the basis for any change in contract price, as hereinafter set forth for Extra Work, and any change in contract time which may result from the change.

In the event the **CONTRACTOR** shall refuse to execute a change order which has been prepared by the Project Designer and executed by the **CITY**, the Project Designer may in writing instruct the **CONTRACTOR** to proceed with the Work as set forth in the change order and the **CONTRACTOR** may make claim against the **CITY** for Extra Work involved therein, as hereinafter provided.

#### **16.14.3 Minor Changes**

The Project Representative may authorize minor changes in the Work not inconsistent with the overall intent of the contract documents and not involving an increase in contract price by field order. If the **CONTRACTOR** believes that any minor change or alteration authorized by the Project Representative involves Extra Work and entitles the **CONTRACTOR** to an increase in the contract price, the **CONTRACTOR** shall make written request to the Project Designer for a written change order.

In such case, the **CONTRACTOR**, by copy of the **CONTRACTOR'S** communication to the Project Designer or otherwise in writing, shall advise the **CITY** of the **CONTRACTOR'S** request to the Project Designer for a written change order and that the Work involved may result in an increase in the contract price.

Any request by the **CONTRACTOR** for a change in contract price shall be made prior to beginning the Work covered by the proposed change.

#### **16.14.4 Extra Work**

It is agreed that the basis of compensation to the **CONTRACTOR** for Work either added or deleted by a change order or for which a claim for Extra Work is made shall be determined by one or more of the following methods:

Method (A) - By agreed unit prices; or

Method (B) - By agreed lump sum; or

Method (C) - If neither Method (A) nor Method (B) be agreed upon before the Extra Work is commenced, then the **CONTRACTOR** shall be paid the "actual field cost" of the Work, plus fifteen percent (15%).

In the event said Extra Work be performed and paid for under Method (C), then the provisions of this paragraph shall apply and the "actual field cost" is hereby defined to include the cost to the **CONTRACTOR** of all workers, such as foreman, timekeepers, mechanics and laborers, and materials, supplies, trucks, rentals on machinery and equipment, for the time actually employed or used on such Extra Work, plus actual transportation charges necessarily incurred, together with all power, fuel, lubricants, water and similar operating expenses, also all necessary incidental expenses incurred directly on account of such Extra Work, including Social Security, payroll taxes and other benefits, and, a rateable proportion of premiums on **Performance and Maintenance Bond** and **Payment Bonds**, Public Liability and Property Damage and Worker's Compensation, and all other insurance as may be required by any law or ordinance, or directed by the **CITY**, or by them agreed to. The Project Designer may direct the form in which accounts of the "actual field cost" shall be kept and the records of these accounts shall be made available to the Project Designer.

The Project Designer or **CITY** may also specify in writing, before the Work commences, the method of doing the work and the type and kind of machinery and equipment to be used; otherwise these matters shall be determined by the **CONTRACTOR**. Unless otherwise agreed or specified, the prices for the use of machinery and equipment shall be determined by using one hundred percent (100%) of the latest schedule of Equipment Ownership Expense adopted by the Associated General Contractors of America. Where practicable the terms and prices for the use of machinery and equipment shall be incorporated in the written Extra Work order. The fifteen percent (15%) of the "actual field cost" to be paid the **CONTRACTOR** shall cover and compensate the **CONTRACTOR** for profit, overhead, general superintendence and field office expense, and all other elements of cost and expense not embraced within the "actual field cost" as herein defined, except where the **CONTRACTOR'S** camp or field office must be maintained primarily on account of such Extra Work; then the cost to maintain and operate the same shall be included in the "actual field cost".

No claim for Extra Work of any kind will be allowed unless ordered in writing by the Project Designer. In case any orders or instructions, either oral or written, appear to the **CONTRACTOR** to involve Extra Work for which the **CONTRACTOR** should receive compensation or an adjustment in the construction time, the **CONTRACTOR** shall make written request to the Project Designer for written order authorizing such Extra Work. Should a difference of opinion arise as to what does or does not constitute Extra Work, or as to the payment therefore, and the Project Designer insists upon its performance, the **CONTRACTOR** shall proceed with the Work after making written request for written order and shall keep an accurate account of the "actual field cost" thereof, as provided under Method (C).

#### **16.14.5 Time of Filing Claims**

All questions of dispute or adjustment presented by the **CONTRACTOR** shall be in writing and filed with the Project Designer within thirty (30) calendar days after the Project Designer has given any directions, order or instruction to which the **CONTRACTOR** desires to take exception. The Project Designer shall reply within thirty (30) calendar days to such written exceptions by the **CONTRACTOR** and render the final decision in writing. It is further agreed that final acceptance of the Work by the **CITY** and the acceptance by the **CONTRACTOR** of the final payment shall be a bar to any claims by either party, except where noted otherwise in the contract documents.

### **16.15 ABANDONMENT OF CONTRACT**

#### **16.15.1 Abandonment by Contractor**

Absence of the **CONTRACTOR** from the project for more than fourteen (14) consecutive calendar days, without written consent from the **CITY**, or if the **CONTRACTOR** fails to perform the Work in accordance with the contract documents, including but not limited to, failure to supply sufficient skilled workmen or suitable materials or equipment or failure to adhere to the progress schedule, will constitute abandonment of the project. In case the **CONTRACTOR** should abandon and fail or refuse to resume work within ten (10) calendar days after written notification from the **CITY**, or if the **CONTRACTOR** fails to comply with the orders of the Project Representative, when such orders are consistent with the contract documents, then, and in that case, where performance and payment bonds exist, the Sureties on these bonds shall be notified in writing and directed to complete the Work, and a copy of said notice shall be delivered to the **CONTRACTOR**.

After receiving said notice of abandonment the **CONTRACTOR** shall not remove from the Work any machinery, equipment, tools, materials or supplies then on the job, but the same, together with any materials and equipment under contract for the Work, may be held for use on the Work by the **CITY** or the Surety on the performance bond, or another **CONTRACTOR** in completion of the Work; and the **CONTRACTOR** shall not receive any rental or credit (except when used in connection with Extra Work, where credit shall be allowed as provided for under Section 16.14, “Extra Work and Claims”), it being understood that the use of such equipment and materials will ultimately reduce the cost to complete the Work and be reflected in the final settlement.

Where there is no performance bond provided or in case the Surety should fail to commence compliance with the notice for completion herein before provided for, within ten (10) calendar days after service of such notice, then the **CITY** may provide for completion of the Work in either of the following elective manners:

- A. The **CITY** may thereupon employ such force of men and use such machinery, equipment, tools, materials and supplies as said **CITY** may deem necessary to complete the Work and charge the expense of such labor, machinery, equipment, tools, materials and supplies to said **CONTRACTOR**, and expense so charged shall be deducted and paid by the **CITY** out of such moneys as may be due, or that may thereafter at any time become due to the **CONTRACTOR** under and by virtue of this AGREEMENT. In case such expense is less than the sum which would have been payable under this contract, if the same had been completed by the **CONTRACTOR**, then said **CONTRACTOR** shall not receive the difference. In case such expense is greater than the sum which would have been payable under this contract, if the same had been completed by said **CONTRACTOR**, then the **CONTRACTOR** and/or the **CONTRACTOR’S** Surety shall pay the amount of such excess to the **CITY**; or
- B. The **CITY**, under sealed bids, may let the contract for the completion of the Work under substantially the same terms and conditions which are provided in this contract. In case any increase in cost to the **CITY** under the new contract as compared to what would have been the cost under this contract, such increase shall be charged to the **CONTRACTOR** and the Surety shall be and remain bound therefor. However, should the cost to complete any such new contract prove to be less than what would have been the cost to complete under this contract, the **CONTRACTOR** and/or the **CONTRACTOR’S** Surety shall not be credited therewith.

When the Work shall have been substantially completed the **CONTRACTOR** and the **CONTRACTOR’S** Surety shall be so notified and notifications of completion and final acceptance, as provided herein above, shall be issued. A complete itemized statement of the contract accounts, certified to by the Project Designer as being correct, shall then be prepared and delivered to the **CONTRACTOR** and the **CONTRACTOR’S** Surety, whereupon the **CONTRACTOR** and/or the **CONTRACTOR’S** Surety, shall pay the balance due as reflected by said statement, within fifteen (15) calendar days after the date of such notification of completion.

In the event the statement of accounts shows that the cost to complete the Work is less than that which would have been the cost to the **CITY** had the Work been completed by the **CONTRACTOR** under the terms of this contract; or when the **CONTRACTOR** and/or the **CONTRACTOR’S** Surety shall pay the balance shown to be due by them to the **CITY**, then all machinery, equipment, tools, materials or supplies left on the site of the Work shall be turned over to the **CONTRACTOR** and/or the **CONTRACTOR’S** Surety. Should the cost to complete the Work exceed the contract price, and the **CONTRACTOR** and/or the **CONTRACTOR’S** Surety fail to pay the amount due the **CITY** within the time designated herein above, and there remains

any machinery, equipment, tools, materials or supplies on the site of the Work, notice thereof, together with an itemized list of such equipment and materials, shall be mailed to the **CONTRACTOR** and the **CONTRACTOR'S** Surety at the respective addresses designated in this contract, provided, however, that actual written notice given in any manner will satisfy this condition. After mailing, or other giving of such notice, such property shall be held at the risk of the **CONTRACTOR** and the **CONTRACTOR'S** Surety subject only to the duty of the **CITY** to exercise ordinary care to protect such property. After fifteen (15) calendar days from the date of said notice, the **CITY** may sell such machinery, equipment, tools, materials or supplies and apply the net sum derived from such sale to the credit of the **CONTRACTOR** and the **CONTRACTOR'S** Surety. Such sale may be made at either public or private sale, with or without notice, as the **CITY** may elect. The **CITY** shall release any machinery, equipment, tools, materials, or supplies, which remain on the Work, and belong to persons other than the **CONTRACTOR** or the **CONTRACTOR'S** Surety, to their proper owners. The books on all operations provided herein shall be open to the **CONTRACTOR** and the **CONTRACTOR'S** Surety.
